I am directed to address you on the above mentioned subject and to say that the decennial population census work has already started from 1.1.2000. This work is of national importance and involves services of a large number of various categories of the State Government employees. The officers/officials concerned are expected to discharge their duties with devotion, sincerity, honesty and responsibility. It has, therefore, been decided that the appreciation of the good census work done by the officers/officials concerned or similarly, the negligence & carelessness, if any, in this regard should be reflected in their Annual Confidential Reports for the year 2000-2001.
